SECURITY	Information		

25X1

25X1		The train was headed toward Zehdenick. (4)
25X1	6.	A train of h2 flatears and boxcars stood at the Tomplin railroad station on 18 September. The flatears were loaded with vehicles, 25X1 It could not be determined whether the train was being loaded or unloaded. (5)
25X1	7.	Between 16 and 22 September, the troops from Comp Kannenburg, including tank troops, held field exercises at company and battalion level in the Beens-Reetz-Kannenburg-Schorfheide area. Vehicles observed in Camp Kannenburg
		25X1
		(6)
25 <u>X1</u>	Ω	25X1
	8.	units left the troop camp for field exercises on 20 September.
	9°	Infantry, AT artillery, and tank troops with 40 tanks were engaged in a field exercise in the area north of Gross Scheenobeck on 22 September. Three T-34 25X1 tanks observed there had turnet and were marked with a red 25X1 Soviet star and an upright, white rhombus with a white circle. Vehicles observed with the troops
25X1		
23/1		Comments.
25X1	(1)	The Gross Doelln and Gross Schoenebeck area is situated about 5 km east of Sch
25X1		Div and headquarters units of the Fourth Gds Lecz Army. The tactical symbol in paragraph 9 is probably assigned to one of these units.
25X1	(2)	the trucks belong to the 6th Gds Feez Div and the
	(3)	6th Arty Div. The trucks hauling ration supplies belong to the 25th Tank Div and the 6th Gds Mecz Div. Camp Vogelsang, which is located about 1.5 km south of Purg. wall, is believed to quarter primarily components of the 25th Tank Div from
25X1		Oranienburg and Prenzlau. In addition, headquarters units of the Fourth 3ds Mecz Army from Eberswalde may be quartered there. Strength estimate given in the present report agrees with previous information, but appears somewhat low. The troops, who will allegedly stay in the camps throughout the winter, are probably guard details of units which practiced
25X1	(4)	there during the survier. the train was loaded with a component of the
25X1		oth AT Arty Div, which was probably equipped with AT guns rather than AA guns. The train is believed to have been the train
25X1		going south from the direction of Loewenberg on 16 September 1951.
25X1 25X1		The presence of components of the 6th Arty Div in the Templin training area be accounted for stating that two trains were en route from Altengrabow to Vogelsang on 9 and 10 September 1951 respectively.
25X1	(5)	the train carried a component of the 6th Gds
	(6)	Necz Div.
25X1		to quarter primarily components of the 6th Gds Lecz Div
		of the Second 3ds Mecz Army and the 25 th Tank Div were observed,
		SECULAR COMPRODIZES OF SECULARS ONLY
		of the Fourth Eds Mecz Army. In addition, vehicles of headquarters units of the Second Eds Mecz Army and the 25 th Tank Div were observed.
